# Index, Volume 25 (1970)

(c) = Correspondence

ADAMS, A. P. *see* SYKES, M. K.
Adrenal disease, anaesthetic management in (James), 232
Air embolism (c) (Whitby), 296
AKHTAR, M. *see* WATT, M. J.
Allergy to muscle relaxants, circulatory collapse due to (Hainsworth and Bingham), 105
Amethocaine and bupivacaine in extradural blockade, clinical comparison (Watt, Akhtar and Atkinson), 24
Amnesia, pre-operative, following injection of commonly used premedicants (Pandit and Dundee), 493
Anaesthesia and the British public, 1846–56 (Connor), 115
——, choice and conduct, conditions and drugs influencing (Grogono and Lee), 518
—— in difficult situations: intramuscular ketamine (Phillips, Seruvatu, Rika and Tirikula), 36
——, management science techniques applied to (Taylor, Jennings and Nightingale), (Abstr.), 128
Anaesthetic apparatus, early, A. Charles King Collection (Bryn Thomas), 548
—— centres:
Dundee, 420
London, Hospital for Sick Children, Great Ormond St., 121
Newcastle upon Tyne, 123
Sheffield, 278
Southend-on-Sea, 180
United Manchester Hospitals, 421
——literature, 132, 282, 424, 565
Analgesia, caudal epidural, in lumbosciatic pain (Daly), 346
——, continuous extradural, maternal and neonatal blood concentrations of bupivacaine during (Reynolds and Taylor), 14; correction, 310
——, extradural block, post-operative, influence on lung function, comparison with morphine (Spence, Smith and Harris), (Abstr.), 126
——, ——, bupivacaine and amethocaine in, clinical comparison (Watt, Akhtar and Atkinson), 34
——, ——, bupivacaine in, double blind trial (Waters, Rosen and Perkins), 184
——, ——, carbon dioxide salts of lignocaine in brachial plexus block (Schulte-Steinberg, Hartmuth and Schütt), 191
——, —— injections in lumbo-sciatic pain (Swerdlow and Sayle-Creer), (Abstr.), 128
——, ——, paraplegia after (Barrett, 145 (c) (Lorhan), 146 (c)
——, lumbar extradural, accidental total spinal (intradural) block in (Mandlekar), 393
——, obstetric, nitrous oxide/oxygen apparatus in, specifications and recommendations (Cole, Crawford, Doughty, Epstein, Hill, Rollason and Tunstall), 317
——, post-operative, and operative procedure, influence on post-operative lung function (Spence, Smith and Harris), (Abstr.), 126
——, spinal, aseptic meningitis after (Seigne), 402
Analgesics, intravenous local, effects on respiration during partial neuromuscular block (Telivuo and Katz), 30
——, local, effect on respiration (c) (Lee), 295; correction, 447
——, ——, differences in (C) (Lawson), 588
ANDERSON, J. Early treatment of tetanus (c), 444
Antidiuretic hormone, plasma levels during methoxyflurane anaesthesia and surgery (Oyama and Sato,), 500
Antiemetic, metaclopramide, clinical trials (Ellis and Spence), 368
ARMSTRONG, R. *see* BASKETT, P. J. F.
Arrhythmia, cardiac, and pulse variability: plethysmographic study (Pollard), 63
